Management de l'innovation

2 – Le management de l'innovation en interne

Matthieu Mandard
Maître de conférences en sciences de gestion
Université Rennes 1
matthieu.mandard@univ-rennes1.fr

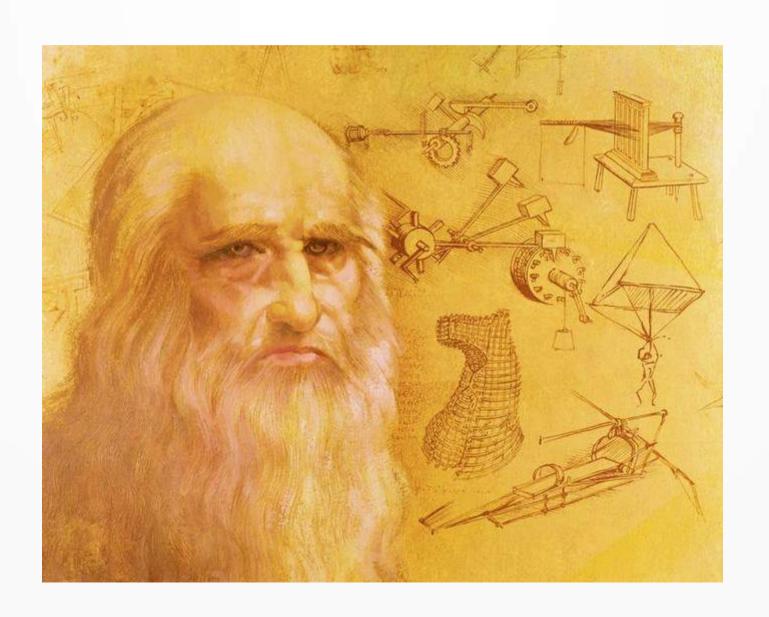

L'innovation fermée

- Quelques sources d'invention

importantes -

L'inspiration

Le knowledge push

Le need pull

Les lead users

Le benchmarking

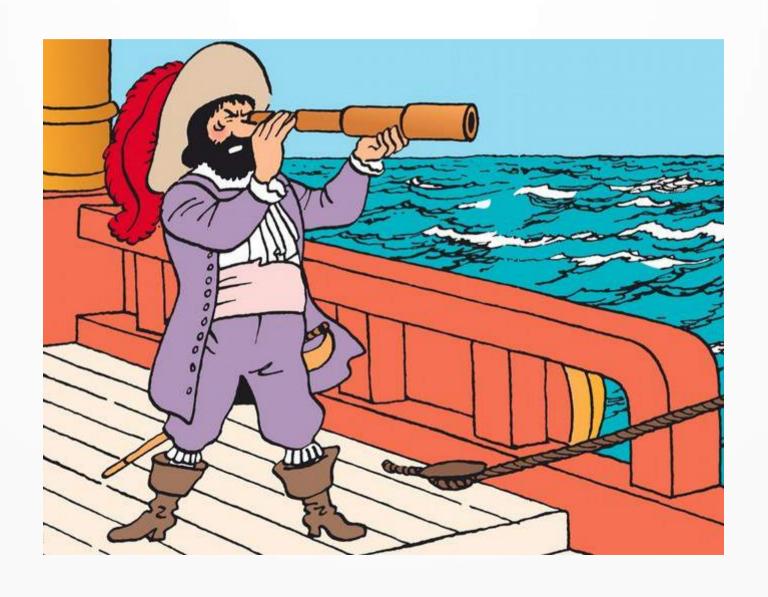

Les accidents

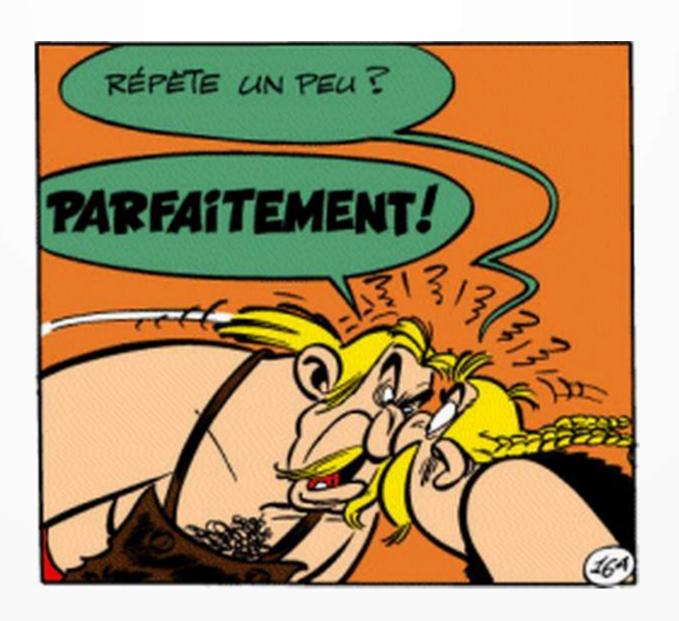

- Manager l'innovation

en interne -

La perspective algorithmique

La perspective dialectique

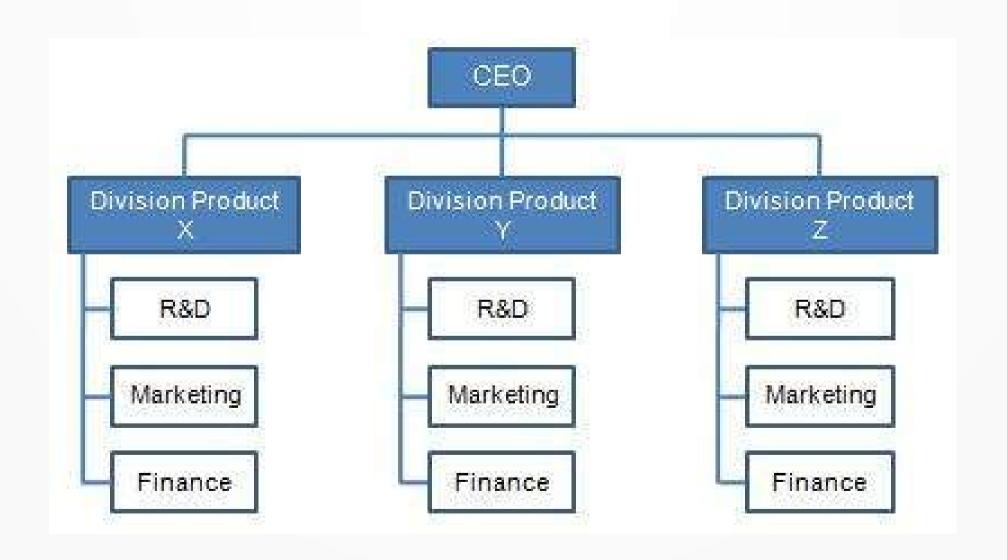

La perspective relative à l'imagination

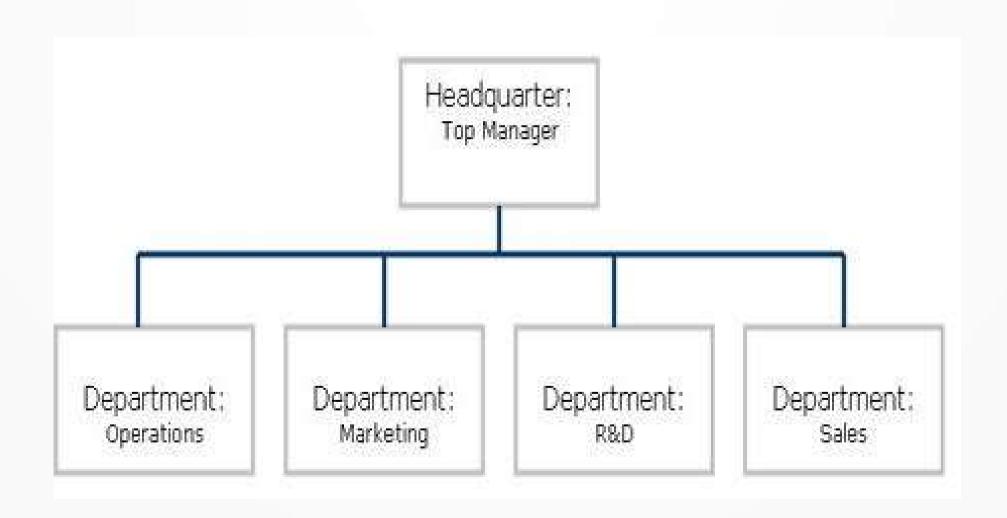

- L'ambidextrie au sein des

organisations -

L'ambidextrie contextuelle

L'ambidextrie structurelle

L'ambidextrie temporelle
